Towards a European Education Area: Commission vision

... a vision for a **European Education Area by 2025**, for

*"a Europe in which learning, studying and doing research would not be hampered by borders. A continent, where spending time in another Member State – to study, to learn, or to work – has become the standard and where, in addition to one's mother tongue, speaking two other languages has become the norm. **A continent in which people have a strong sense of their identity as Europeans**, of Europe's cultural heritage and its diversity."*
